**PRODUCT DETAILS**

The Alonso family creates soft yet strong forms with its stunning mix of materials. Using alabaster in exciting ways as both decorative backplate elements and strong carved shades, the Alonso is traditional yet completely modern. Thick forged metal finished in Vintage Brass create the perfect frame for the Alabaster details.

\*Alabaster boasts distinct variations in both its veining and tone, a unique characteristic of a timeless natural material. No two pieces will look the exact same.
