

# CURREY & COMPANY | OPTIMIST

The Optimist Purple Table Lamp is made of muted lavender mouth-blown glass with speckled artisanal patterns running along its surface, the stippling a mark of true artistry that illustrates the handmade aspect of this work of art. Sitting atop an optic crystal base, the pale purple body is topped with an off-white linen shade that brings added elemental style to the glass lamp. The hardware and finial in an antique nickel finish are also warm elements.
